SUMMARY

Results-driven Computer Science student focused on building clean, scalable mobile applications that solve real-world problems. Expertise in modern app practices, state management, UI/UX and full-stack development.

PROJECTS

Bluetooth RoboCar :

- Reduced signal latency by 25% for a remotely controlled car using real-time motion tracking.
- Secured 1st Place (2023) by optimizing alert systems (buzzers/LEDs) for rapid response.

Toll Plaza System:

- Automated C#/SQL toll tracking for 50+ daily vehicles, cutting record-keeping time by 30%.
- Designed and implemented CNIC-based search functionality using a Windows Forms UI.

To-Do App:

- Developed a task manager with Firebase synchronization, achieving 200ms CRUD operation speeds.
- Implemented swipe-to-delete and completion toggle features for enhanced UX.

E-Commerce Catalog:

- Optimized Firebase backend via REST API, reducing data load times by 40% for a scalable catalog app.
- Enabled real-time updates for 10+ product listings using JSON parsing.

Slot Booking App:

- Built full-stack booking app featuring separate user/business interfaces, Provider state management, and Google Maps integration.
- Secured RESTful APIs and authentication, allowing barbers to manage portfolios via a dashboard.

SKILLS

Technical Skills:

Languages: Dart, C++, C#, SQL • **Frameworks:** Flutter, .NET, Windows Forms • **Tools:** Firebase, Git/GitHub, REST APIs, Arduino.

Soft Skills:

Problem-Solving, Communication, Teamwork.

EXPERIENCE

Flutter Developer Intern - Remote | 6-week Internship | 2025

- **Engineered** key mobile features using Flutter/Dart, strictly adhering to clean UI and modular architecture.
- **Seamlessly integrated Firebase** for secure data storage and real-time synchronization.
- **Built robust authentication** services and utilized REST API integration with JSON parsing for secure data exchange.

ACHIEVEMENTS & CERTIFICATIONS

1st Place : Robo Car Building Competition (TCF College, 2023).

Young Entrepreneur: Representative at Pakistan's National Entrepreneurship Competition (SEED Ventures, 2023).

Certifications: Google AI Essentials • Google UX Design (Coursera) • Techpreneur Certificate.

EDUCATION

DHA Suffa University , Karachi

B.S. in Computer Science (Expected 2027) • **CGPA:** 3.43 / 4.0
